Re: 10/031,524 - Resent for request for clarification.

This is in response to the letter of 02/23/2004, which request a copy of the request for clarification that I sent in May, 2003.

My records show that I sent a fax, rather than a letter. I am attaching a text of the fax the way I sent it, except that I am not sure about the date (because it was a marker in the word processor that automatically prints as the current date).

I did not receive any kind of receipt for it.

Thanks,

Yehouda harpaz

TECHNOLOGY CENTER R3700

Dear Alex P. Rada,

I just got your detailed action for 10/031,524, and I would like two clarifications for the detailed response. I would prefer an answer by email to yeh@maldo.com, otherwise please fax to the +44 1223 257812, marked clearly "for Yehouda Harpaz".

- 1) In Paragraph 5 and 6 you refer to "Harpaz GB '680". Can you clarify which document that is? It is not in the "notice of references cited", and a copy of it was not attached. It sounds like one of my own applications, but I cannot find in my (not well organised) records anything that plausibly matches.
- 2) In paragraph 1 you write that the "reference points do not show any distinction between each other". It is not obvious to me what that means. Presumably the "reference points" refer to the reference characters and lead-lines? As far as I can tell, it is not clear what the lead lines from 2 and 3 point to, but otherwise it is quite clear. Is that what you mean? If not, can you please expand what is the defect?

Thanks,

Yehouda harpaz
